- Liquid-resistant full-grain leather upper, rubber scuff cap, reinforced heel and sides
- Mesh lining
- Metal-free toe cap
- Puncture-resistant metal-free mid-sole
- CELL TECH Hygienic insole: anatomical EVA insole, wicks away perspiration effectively
- Weight: 730 g in size 42

Product features

MACSOLE®

MACSOLE® soles, made from an exclusive mixture of nitrile rubbers offer unequalled performances in terms of adherence, safety and longevity in the most extreme conditions

Non-metal protective toecap

- Provides protection against falling objects up to 200 joules and compression of up to 15 000 Newton in accordance with EN 20345
- 100% antimagnetic
- Comfortable due to its ergonomic shape
- Extra wide
- 20% lighter than conventional steel toecap
- Conducts less heat and cold than a metal toecap

Non-metal penetration resistant sole

- Resists to perforation up to 1 100 Newton in accordance with the EN 20345 standard
- 100% composite
- Flexible
- Antimagnetic
- Protects 100% of the surface of the foot (as opposed to 85% on average for steel soles)
- Lighter than steel soles
- Conducts less heat and cold than a metal sole

100%
metal
free

100% metal free

The entire safety shoe is free of any metal parts

Resistance to water penetration

WRU in accordance with the EN 20345 standard

Resistance to contact heat (HRO)

Resists to temperatures of up to 300°C in accordance with the EN 20345 standard (HRO)
